What is GEMI?

The **Global Environmental Management Initiative (GEMI)** is a global leader in developing insights and creating environmental sustainability solutions for business. Since 1990, GEMI has captured the vision and experience of senior-level global corporate environmental, health and safety (EHS) and environmental sustainability leaders from diverse business sectors through the development of a wide range of **30+ publicly-available, FREE solutions-based tools** designed to help companies improve the environment, their operations and add business value.

What is the GEMI Solution Tools Matrix™?

The **GEMI Solution Tools Matrix™** is an interactive, web solution for users to access the **30+ publicly-available**, solutions-based tools designed to help companies and organizations in their own pursuit of EHS & environmental sustainability excellence to improve the environment, their operations and add business value. The **Guided Discovery** process of the GEMI Solution Tools Matrix™ contains a set of 7 introductory questions to guide the user into determining which of the GEMI solution tools will be most relevant based on their responses. Upon completing the questions, the user will be presented with a list of relevant GEMI solution tools.
